Mike, attached is the access agreement giving us access to the Dico Site. I have told the attorney for the PRP that we will be on site starting June 6. Not sure where your field crews are coming from, but since I'm here in KC, you might beat me there, so I'm attaching the agreement so you have it. As we get closer, I'll need to know what time to let them know that we will be there on June 6. If for some reason you think that we will need to change the dates, please let me know ASAP as they require 48 hours notice.
